

## The Power of Waste: Renewable Natural Gas (RNG) for Colorado

A Workshop by Energy Vision & Denver Metro Clean Cities  
May 19, 2016, 8:30 a.m. – 3:00 p.m.; The Daniels Fund in Denver, CO

### Agenda

- 9:00-9:10**     ***Workshop Introduction: Moving Toward a Sustainable Energy Future***
- Joanna Underwood, Chair, Energy Vision & Janna West-Heiss, Coordinator, Denver Metro Clean Cities
- 9:10-9:30**     ***Welcoming Address***
- Former Colorado Governor Bill Ritter, Jr., Director, Center for the New Energy Economy
- 9:30-10:45**     ***Panel 1: From Organic Waste to Biogas***
- Manaf H. Farhan, Ph.D., P.E., President, Environmental Management Group  
*Introduction to Anaerobic Digestion and its Applications*
- Bob Yost (VP, A1 Organics) and Jim Potter (President, AgEnergy USA)  
*Dairy Manure & Organic Waste to Pipeline Quality Gas: Heartland Biogas Project*
- 10:45-11:00**     ***Coffee and Networking***
- 11:00-12:40**     ***Panel 2: From Biogas to RNG Transportation Fuel***
- Larry Lundine, President, Untapped Fuel  
*The Role of Biogas Upgrading in the Growth of the RNG Industry*
- Harrison Clay, President, Clean Energy Renewables  
*Integrating RNG into Existing Natural Gas Refueling Infrastructure*
- Jerry Johnson, Western Region Manager, Cummins Westport  
*Natural Gas Engine Options for Medium & Heavy Duty Vehicles*
- Dan Tonello, Wastewater Services Manager, City of Grand Junction  
*From Poop to Power: Biogas-to-vehicle fuel at the Persigo Wastewater Plant*
- 12:40-1:30pm**     ***Lunch and Networking***
- 1:30-2:50pm**     ***Panel 3: Exploring the Economic/Policy Landscape***
- Joel Laubenstein, Senior Manager — Energy & Utilities, Baker Tilly
- David Cox, Director of Operations/General Counsel, RNG Coalition
- 2:45-3:00pm**     ***Final Questions & Closing Remarks***
